TO WHOM IT MAY CONCERN

**Re: DISTRICT OF SOOKE
PHILLIPS ROAD SLOPE DRAINAGE
INVITATION TO QUOTE FOR CONSTRUCTION**

Quotation General Terms and Instructions:

The District of Sooke (the "District") is requesting a quote (the "Quotation") for construction for the Phillips Road Slope Drainage project. The Quotation is to be submitted using the Quotation Form (Appendix 2). There will be no public opening of Quotations.

There will not be a pre-bid meeting for this project. Any questions are to be directed to Paul Butterfield by email at pbutterfield@sooke.ca or by phone at (250) 642-1631.

It is expected that any person that submits a Quotation (the "Contractor") will be satisfied with the extent of work required and that minor modifications will not add additional costs to the District. By delivering a Quotation, the Contractor irrevocably agrees that the Contractor has received, read, examined the site, and fully understood the scope of work and all terms of reference within this Request and all the attached appendices. The full scope of work is described in the Project Specifications (Appendix 1). It is the responsibility of the Contractor to regularly check for addendums at <https://sooke.ca/municipal-hall/documents-forms/tenders-and-rfps/>.

The District may, in its sole discretion, disqualify any or all Quotations, cancel this Request for Quotes, reject any or all Quotations, and to re-bid the same or similar Work at any time. The District reserves the right to reject any or all Quotations. The lowest Quotation will not necessarily be accepted. The District reserves the right to waive informalities and accept the Quotation deemed most favorable to the District of Sooke at their sole discretion. Any Quotation provided by the Contractor shall remain open for 30 days.

Please provide your fully completed Quotation Form, to the attention of the undersigned electronically at info@sooke.ca, or in person at 2205 Otter Point Road by 3:00pm on Friday, August 17, 2018.

Regards,

Paul Butterfield
Engineering Technologist

Appendix 1- Project Specifications:

The Contractor is required to perform the various services and works shown in the Contract Drawings (**Figure 1** and **Figure 2**) and listed in the Project Specifications. All addendums issued by the District for this project are to be included as part of the Project Specifications listed hereunder:

1) Description of Work

The frontage of 2208 Phillips Road has a large slope in the municipal right of way. The work involves installing a curtain drain system to limit erosion and destabilization of the slope.

2) Scope of Work

In addition to all notes within the reference pictures, the Contractor is responsible for the following:

- a) Clear and grub the slope as necessary for excavation;
- b) Supply and install all aggregates, piping, fittings, and material necessary to complete the works as described;
- c) Install approximately 20m of curtain drain as per cross section in **Figure 2**, in location shown in **Figure 1**, approximately 5 m downslope of the existing house;
- d) “Free draining granular backfill” as shown in **Figure 2** to be MMCD Drain Rock Spec.;
- e) “Well-compacted granular backfill” as shown in **Figure 2** to be MMCD Pit Run Gravel Spec.;
- f) Install cleanouts as shown in **Figure 1**;
- g) Install approximately 22m of solid PVC pipe as shown in **Figure 1**;
- h) Make all pipe connections as described in **Figure 1**;
- i) Cover excavation area and any disturbed areas with topsoil and hydroseed.
- j) Remove and dispose of any excess organics, construction material, waste material, unused fill or other debris left over from excavation or construction;
- k) Provide all flagging, signage and traffic management as required;
- l) Verify all property lines, elevations, grades, measurements, etc as necessary to complete the scope of work as detailed.

3) General Conditions

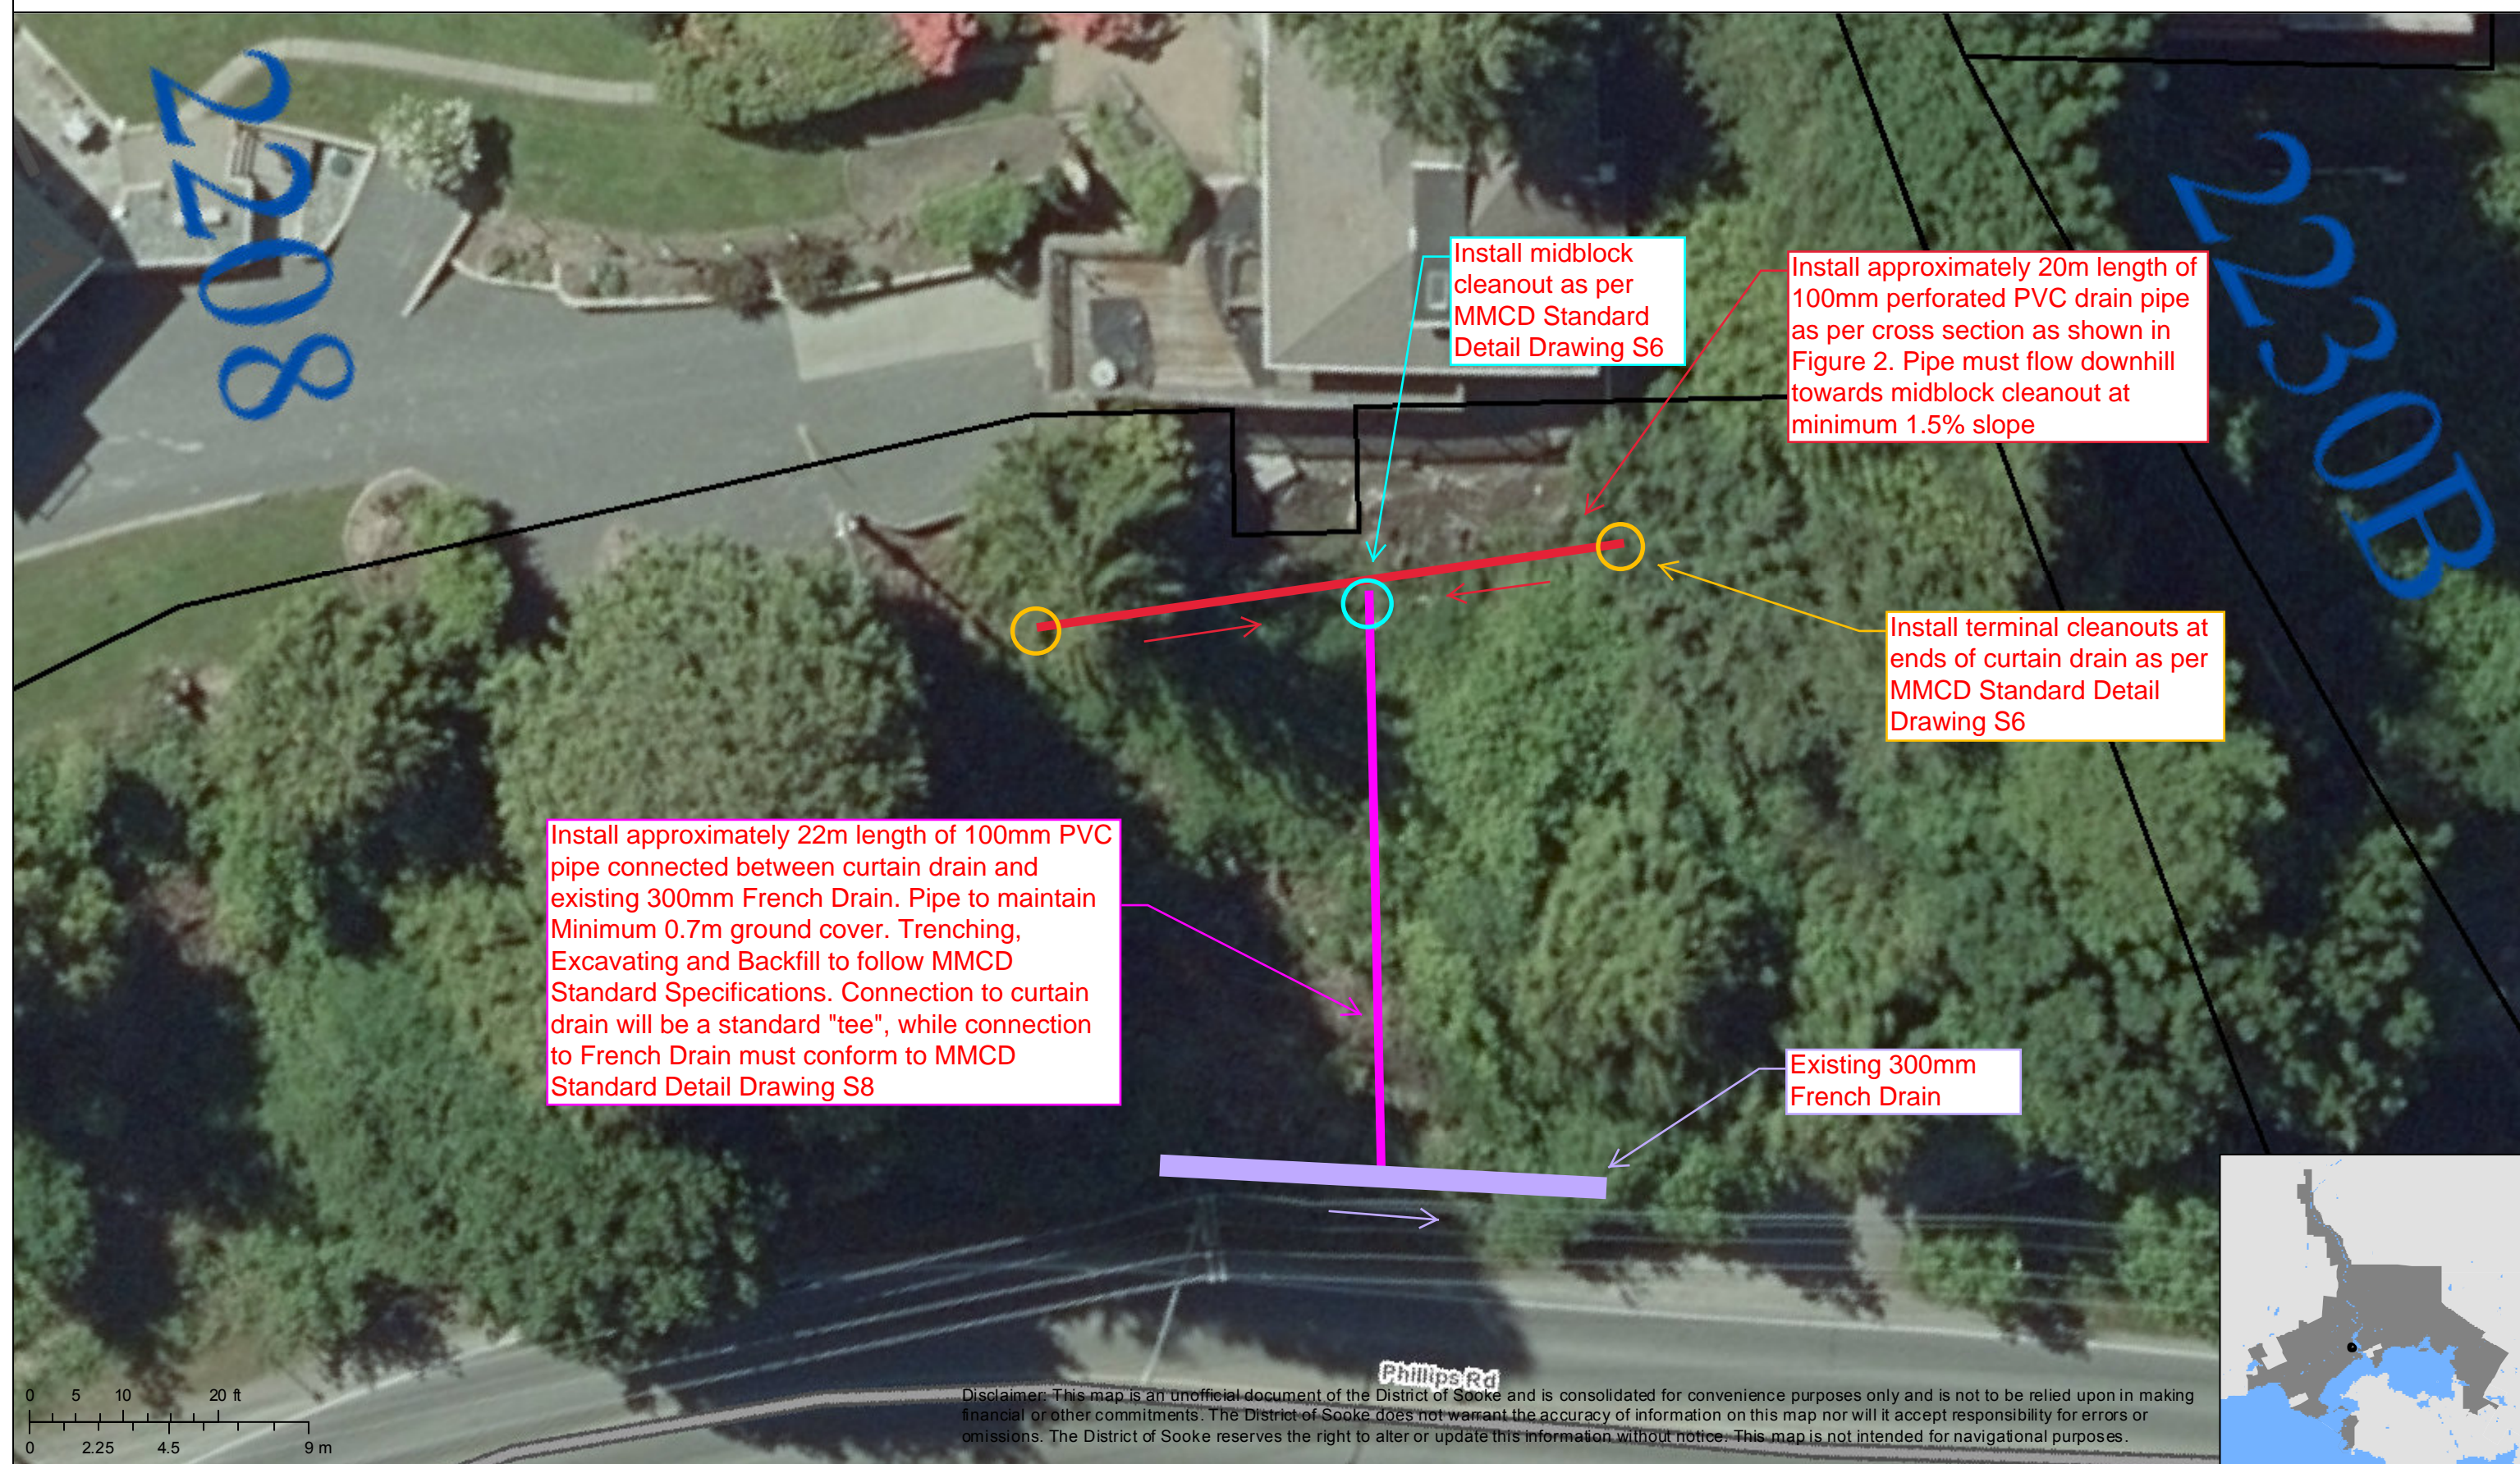

- a) The Contractor shall be solely responsible for construction means, methods, techniques, sequences, and procedures for coordinating the various parts of the work in the Scope of Work;
- b) All construction and materials to be in accordance with MMCD, Platinum Edition, and The District of Sooke Standard Specifications and Drawings unless otherwise noted. When a conflict between the specifications arises, the most stringent shall apply;
- c) The Contractor shall contact BC Hydro, Telus, Shaw Cable, and Fortis BC Gas two working days prior to the start of any excavation;
- d) There will no survey or detailed design for this project.

Appendix 3- Insurance Requirements

Insurance requirements are described within the District's Risk Management and Contract Services Policy.
(Attached)

Policy 5.4
File No. 2510-00
October 25, 2004
Amended March 25, 2013

Risk Management-Contract Services Policy

1. Any person or organization that contracts with the District of Sooke to provide services to or on behalf of the District must provide proof to the District that the following ***minimum*** requirements have been met:
 - a) proof of liability insurance coverage with a minimum value of \$5,000,000;
 - b) certificate indicating that the individual or organization has an active WCB account that covers any and all persons who will be providing contracted services to or for the District of Sooke; and
 - c) proof of applicable credentials.
2. Copies of the above documentation must be received prior to the commencement of services.
3. The document submitted for insurance coverage must indicate the type of coverage and expiry date.
4. Preference is for the District of Sooke to be named as an additional insured in the liability insurance document.

Note: An individual contracted to provide coverage for the following positions is not covered by the District's errors and omissions policy:

Chief Administrative Officer
Corporate Officer
Director of Finance
Municipal Engineer
Municipal Planner
Building Official
