

## ADDENDUM 2

**TO:** All Tenderers  
**FROM:** District of Sooke  
**DATE:** August 19, 2019  
**PROJECT:** **2019-2024 Road Maintenance Contract**  
**FILE NO:** 1790-20

---

### 1. Precedence

This Addendum shall form an integral part of the Instructions to Bidders and Highway Maintenance Contract 2019-2024 documents. This Addendum shall take precedence over all requirements of the Instructions to Tenderers and Highway Maintenance Contract 2019-2024 documents with which it may prove to be at variance unless otherwise qualified by the District.

### 2. Purpose

This Addendum is in response to enquiries related to the Instructions to Bidders and Highway Maintenance Contract 2019-2024 document, and is intended to clarify a discrepancy between ARTICLE XIII and SCHEDULE 9 regarding supply of winter abrasives and de-icing materials.

### 3. Clarifications to the Instructions to Bidders document

*Question: Is the Contractor or the District responsible for supplying winter abrasive and de-icing chemical? Article VIII (page 7) states that the Contractor will supply it, but in Schedule 9, Chapter 4- Winter Maintenance, both page 45 and page 50 say that the District will supply the winter abrasive and de-icing chemical*

*Answer:* The **Contractor** is responsible for supplying the winter abrasive and de-icing chemical. The language in the Schedule 9 is incorrect, and will be remedied in the final contract.

**Schedule 9, Chapter 4, 2.B.1 Materials** should read:

“Materials to be supplied and used by the Contractor are:...”

**Schedule 9, Chapter 4, 3.B.1 Materials** should read:

“Winter Abrasive materials and De-Icing Chemicals will be provided and used by the Contractor to provide...”

**Any other references to supply of Winter Abrasive materials and De-Icing Chemicals should be changed to reflect the Contractor as being responsible.**
