Ocean Park Place Project (Blasting Notice)
7510 Ocean Park Place

To all Residents,

As part of the construction process at **7510 Ocean Park Place** blasting operations will be commencing and continue through **May 4 2022 - May 18 2022**

Blasting will be conducted on **Monday - Saturday 7:00am - 5:00pm**

Each and every blast will be:

1. Recorded with a seismograph.
2. Will be using blasting mats to safeguard persons and property
3. Blast log will be recorded

Prior to each blast a warning horn will sound 12 signals, at one second intervals then there will be a two minute wait period before the blast. After the blast has been inspected there will be a ten second horn sound to signal the blast is done

Never come to the worksite if you have concerns with this blasting project. If you have questions or concerns due to the blasting please contact Work Safe BC, Craig Ramm, or Ivan Lo.
