

## **Engineering Services Long Spit (Whiffin Spit) Park**

### **REQUEST FOR PROPOSALS**

The District of Sooke is planning for the future of Long Spit (Whiffin Spit) Park in the face of climate change, sea level rise and increases in park use. We are seeking to engage a suitably qualified Professional Engineer to analyze existing data available for predicted sea level rise and shoreline specific conditions to provide short-term and long-term options to retain the environmental, recreational, and cultural values of Long Spit (the Spit). This request for proposals (RFP) has been issued to evaluate prospective firms with a demonstrated capacity to assemble a team of professionals to consider the natural environment and the historic structure and function of the Spit, predict the issues facing the landmark, and then design elements that will make the Spit more resilient to the changes of the next century.

This RFP document sets-out the details of the Services required, the process for submission, evaluation and award of the Contract and the terms and conditions of the Contract. The request for proposals is scheduled to close **July 15, 2022 at 3:00 pm**. There will be no public proposal opening.

**Closing location:**

District of Sooke  
2205 Otter Point Road  
Sooke, BC V9Z1J2  
Email: [parks@sooke.ca](mailto:parks@sooke.ca)

The official RFP document can be found on our website at <https://sooke.ca/municipal-hall/documents-forms/tenders-and-rfps/>.
