AGENDA

- Why a minor update now?
- DCC Overview
- Proposed DCC Rates
- Community Comparisons
- Next Steps
- Q&A + Discussion

WHY A MINOR UPDATE NOW?

- Existing DCC Bylaw needs minor adjustments to reflect current construction costs (encompassing inflationary changes and recent tender prices)
- DCCs help promote financial sustainability for the District

Note: a minor DCC update only includes cost updates to projects on the existing project list; legislation (the *Local Government Act*) does not allow for any changes to projects or growth projections.

DCC OVERVIEW

WHAT ARE DCCs?

Charges levied on development to help pay for the costs of transportation and utility infrastructure; fire, police, and solid waste facilities; and parkland acquisition and development, to meet the needs of growth

PROVINCIAL LEGISLATION

- Part 14, Division 19 of the *Local Government Act*

ALSO

- Provincial DCC Best Practices Guide

****DCC Bylaws require approval from the Inspector of Municipalities****

WHY USE DCCs?

- Help ensure growth pays for growth
- Provide certainty to developers
- Ensures consistency
- Fairly distribute growth costs across developers
- Help communities finance future growth-related infrastructure

HOW ARE DCCs COLLECTED?

DCCs are paid by applicants for:

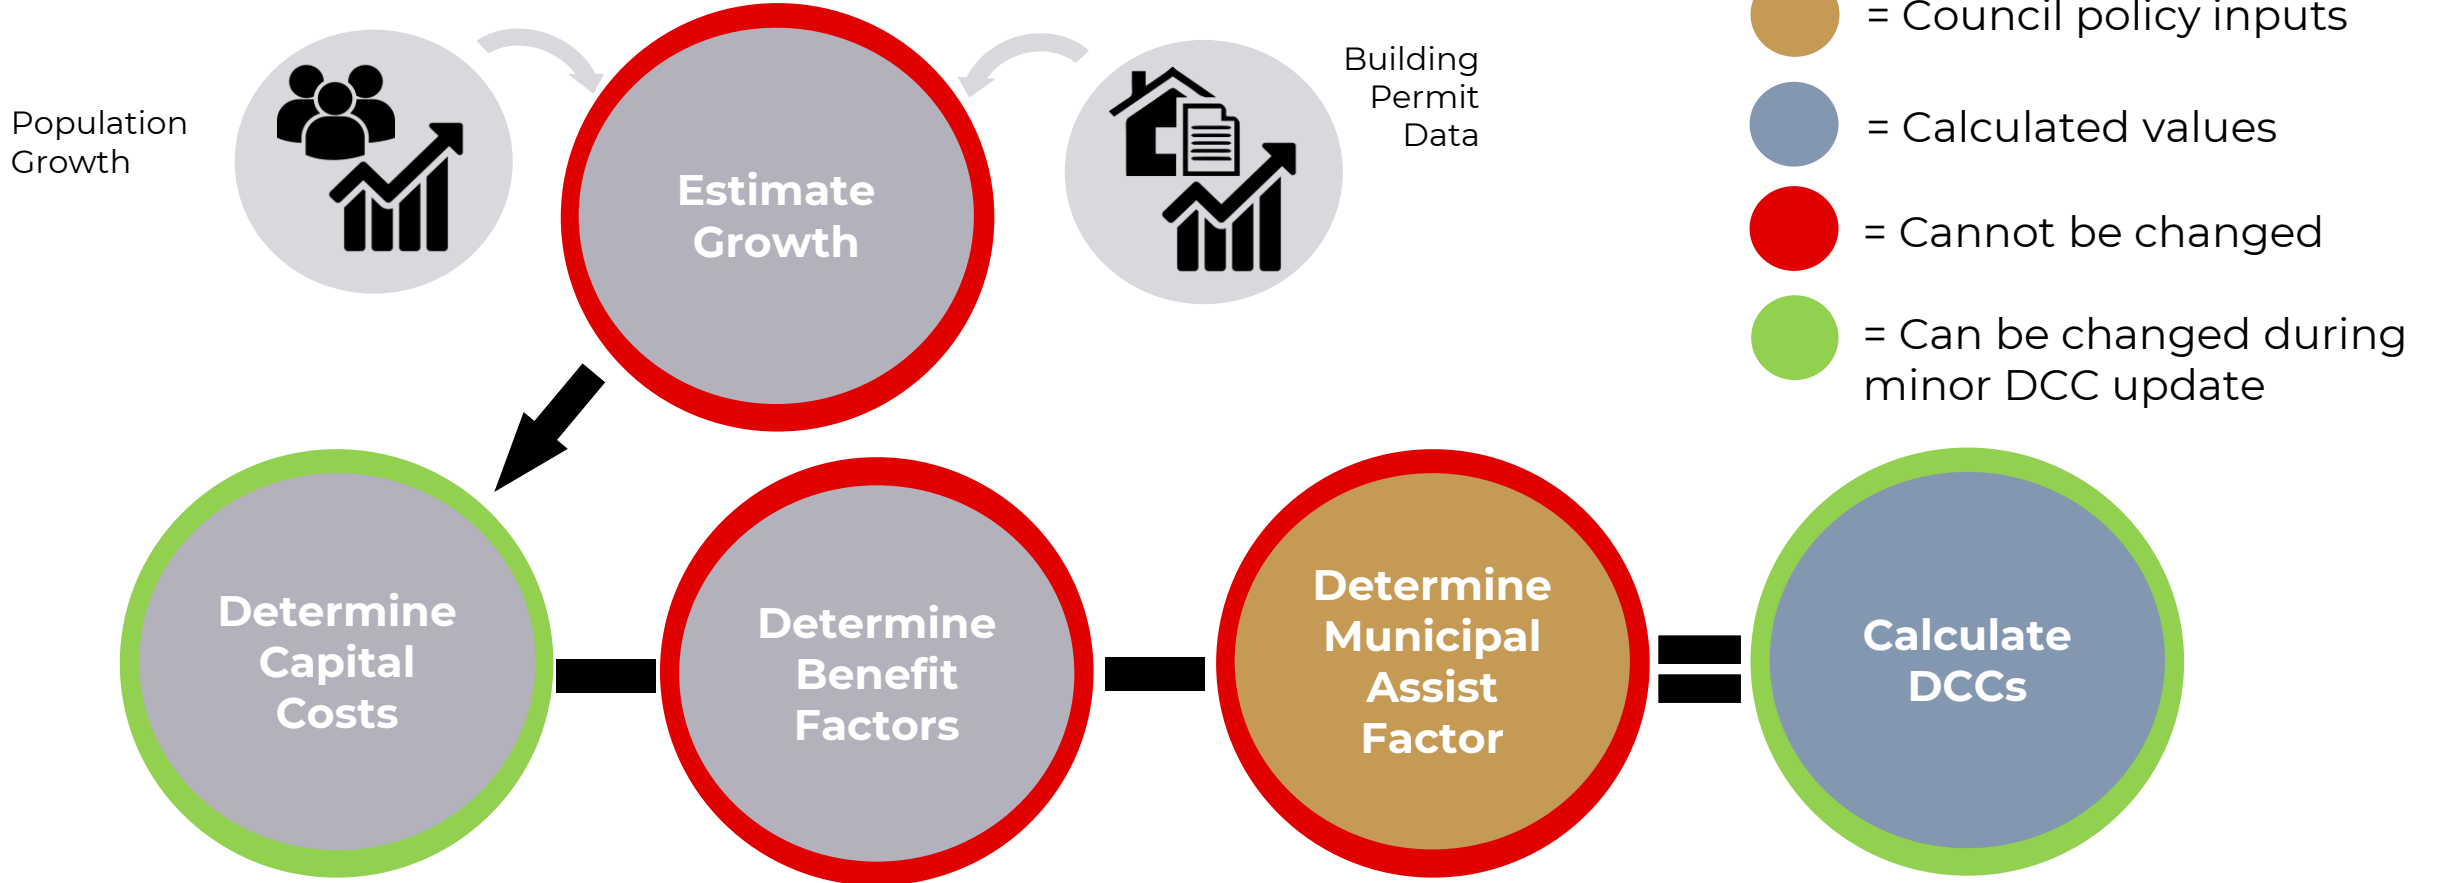

- Subdivision approval or building permit

DCCs are collected at:

- Time of subdivision or building permit

HOW DO WE DETERMINE THE DCC RATE?

% CHANGE BETWEEN PROJECTS - EXAMPLES

Transportation

Project	2021	2024	% Change

DeMamiel Creek Crossing – New Trail (Improvement)	\$2,137,975	\$3,000,000	29%

*Note: Drainage projects only underwent a minor change (-1%) due to a slight increase in reserves

IN-STREAM PROTECTION

- New DCC rates will be **effective at bylaw adoption**
- However, legislation provides protection to in-stream:
 - Building permit applications
 - Subdivision applications
 - Precursor applications (re-zoning and Development Permit)
