Sooke Zoning Bylaw

THE CORPORATION OF THE DISTRICT OF SOOKE

BYLAW No. 600, SOOKE ZONING BYLAW, 2013

Adopted: January 28, 2013

The following sections “User Guide”, “Using the Sooke Zoning Bylaw”, “Sooke Zoning Bylaw Format” and the “Table of Concordance” are intended for information only and do not form part of the District of Sooke Bylaw No. 600, Sooke Zoning Bylaw, 2013.

User Guide

The Sooke Zoning Bylaw establishes regulations for the use of land and buildings in the District of Sooke. It also regulates the type, location and intensity of development.

The Zoning Bylaw reflects only municipal regulation and policy, including the District of Sooke Official Community Plan. Other bylaws, regulations and Acts of the District of Sooke, Province of British Columbia, and Government of Canada must also be observed.¹ It is up to the individual to ensure that relevant laws are observed.

As a reference document, the Sooke Zoning Bylaw's *Table of Contents* is an important index. The Bylaw is organized in seven (7) parts:

- PART 1: INTERPRETATION and ADMINISTRATION** contains basic information on the legal framework of the Bylaw, which includes all the uses regulated by the Zoning Bylaw, as well as information on how to interpret the Bylaw regulations.
- PART 2: DEFINITIONS** defines important terms used in the Bylaw.
- PART 3: GENERAL REGULATIONS** contains the regulations for all uses and development types that apply in all zones. These regulations generally supplement those in the Part 5.
- PART 4: SPECIFIC USE REGULATIONS** contains regulations for specific types of uses. In Sooke, these include: Bed & Breakfast, Crematorium, Home-Based Businesses, Off-street Loading requirements, and Parking.
- PART 5: ZONES** contains general information about how to interpret the zone descriptions and zoning maps. The individual zone description is located in the Bylaw Zone Schedules.
- PART 6: REPEAL OF PREVIOUS BYLAW**

¹ Users of this bylaw in regard to the zoning of lands in the District of Sooke are advised that they may also need to be knowledgeable of the requirements of the following legislation: *Land Title Act, Local Government Act, Strata Property Act, BC Building Code, BC Fire Code, Real Estate Act, Agricultural Land Reserve Act, District of Sooke Subdivision and Development Standards Bylaw, District of Sooke Development Procedures Bylaw, Sooke Official Community Plan Bylaw, District of Sooke Deposit of Soil Bylaw, District of Sooke Soil Removal Bylaw*

PART 7: EFFECTIVE DATE OF BYLAW

ZONE SCHEDULES are numbered 101 to 900 containing the uses and regulations pertaining to the zones referred to in Part 5 and form an integral part of this bylaw. The zone schedules include the zone descriptions.

Schedule “A” is the zoning map.

Schedule “B” is a list of offences and their penalties under the Zoning Bylaw and any other material that forms part of the *Sooke Zoning Bylaw*.

Using the Sooke Zoning Bylaw:

1. Determining Zoning and Regulations for a Specific Parcel

- I. To determine regulations applicable to a specific parcel, you must first find the parcel on the official Zoning Bylaw Maps. The appropriate map will show the zoning that applies to the parcel.
- II. Look up the corresponding regulations. Start with the Zones (Part 5) to determine what Zone Schedule Number the applicable zone is in. Once the Zoning Schedule Number is determined and located in the bylaw, the zone description identifies what uses are permitted and contains most standards that apply. These development regulations can help guide the preparation of a subdivision and/or development plan. Some uses and types of development have specific regulations contained in Part 3 or 4.
- III. If your proposal relates to a mixed use, commercial, industrial, or multi-family development, you must refer to the District of Sooke's Development Permit Guidelines adopted by Council, and incorporate these measures into your application.
- IV. Refer to Part 1 and Part 2 for additional information on how to apply the regulations to a specific parcel.
- V. Discuss your proposed Zoning or development with staff from District of Sooke's Development Services Department.

2. Determining Where a Specific Use May Locate

To determine where in the District of Sooke a specific use may locate, you must first determine what Zone will permit that specific use. Use the table in Part 5 to identify the Zoning District Name and then find what the Zone Schedule Number is for that Zoning District Name. Turn to the Zone Schedule Number in the bylaw. Permitted uses are either principal uses (the main type of use of the property), or accessory (only permitted in support of a principal use). You should also check Parts 3 and 4: Rules because some uses are subject to additional regulations.

If you require assistance with the regulations or processes contained in the Zoning Bylaw, please call or visit the District of Sooke's Development Services Department. The official and most recent version of the Zoning Bylaw and amendments is located at the District of Sooke's offices. This version of the Zoning Bylaw should be consulted in all cases where an officially certified version of the Bylaw is required.

Sooke Zoning Bylaw Format

Outline. The format of the District of Sooke's Zoning Bylaw follows a simple layout intended to facilitate its use. Major divisions within the Zoning Bylaw are called "Parts" and major divisions within Parts are called "Sections", which can be grouped together into Divisions. The divisions in the Zoning Bylaw are shown below.

References in the Sooke Zoning Bylaw. The reference number starts with the Section number and continues down to the appropriate level for the reference.

Referencing Other Documents. When reference is made to a document outside of the District of Sooke municipal bylaws, the referenced document's name is in italicized text, such as *Local Government Act*.

Definitions. The Sooke Zoning Bylaw has been written in "plain English" style and the meaning is intended to be clear. However, because it is also a statutory document and because of the need for terms with specific meanings, the Bylaw also provides guidance on how specific terms are used.

If you require assistance with the regulations or processes contained in the Sooke Zoning Bylaw, please call or visit the District of Sooke's Development Services Department. The official version of the Zoning Bylaw and amendments is located at the District of Sooke's offices. This version of the Zoning Bylaw should be consulted in all cases where an officially certified version of the Bylaw is required.

DISTRICT OF SOOKE

BYLAW No. 600

A bylaw to regulate the use of land and the location, use, size and shape of buildings and structures erected within the District of Sooke.

The Council of the District of Sooke, in open meeting assembled, enacts as follows:

PART 1 – INTERPRETATION & ADMINISTRATION

Division 1: Title and Application

1.1 Title

This Bylaw is the *Sooke Zoning Bylaw, 2013*.

1.2 Purpose

The principal purpose of this Bylaw is to provide a clear and efficient zoning system by:

- a) Promoting health, safety, convenience, and welfare of the public;
- b) Creating a range of housing opportunities and choices;
- c) Making fair, cost effective, consistent development decisions;
- d) Integrating green, open, public space into daily living;
- e) Maintaining Sooke's rural character;
- f) Creating Sooke as a compact, walkable community;
- g) Securing adequate light, air, and access;
- h) Conserving property values.

1.3 Application

- a) This Bylaw shall apply throughout the corporate limits of the District of Sooke.
- b) Nothing contained in this Bylaw shall relieve any person from the responsibility to seek and comply with other legislation applicable to their undertaking.

1.4 Severability

If any section, subsection, clause, or phrase of this Bylaw is, for any reason, held to be invalid by the decision of any Court of competent jurisdiction, such decision shall not affect the validity of the remaining portion of this Bylaw.

Division 2: Compliance

1.5 Permitted Uses

No lands, buildings, or structures in any zone shall be used by the owner, occupier, or any other person for any use, except as provided in this Bylaw and being specifically permitted for the zone in which it is located as set out in the Zone Schedules in Part 5 of this Bylaw.

1.6 Enforcement and Inspection

Enforcement Officers are as designated by the Municipal Ticketing Information Bylaw, and:

- a) are authorized to enforce this Bylaw and carry out inspections regarding the use and occupancy of buildings and property;
- b) are authorized to enter at all reasonable times upon any property in the District of Sooke for the purpose of ascertaining whether the requirements of this Bylaw are being met and the regulations under this Bylaw are being observed; and
- c) may give notice to the owner of any property directing the owner or occupant to correct any condition which constitutes a violation of this Bylaw.

No person shall interfere with or obstruct the entry of an officer or employee of the District of Sooke onto any land, or into any building, to which entry is made or attempted pursuant to the provisions of this Bylaw.

1.7 Offences and Penalties

- a) This bylaw may be enforced by means of a ticket in the form prescribed for the purpose of s. 264 of the *Community Charter*.
- b) Offences and fines are as designated by the Municipal Ticketing Information Bylaw.
- c) Any person who contravenes this bylaw commits an offence and on summary conviction by a court of competent jurisdiction, is subject to a fine of not more than \$50,000.00, in addition to the costs of prosecution. Each day during which a violation, contravention, or breach of this bylaw continues is deemed to be a separate offence.

Division 3: Administration

1.8 Applications in Progress

A completed application for a building permit which is received prior to the effective date of this Bylaw shall be processed in accordance with Bylaw No. 500, *Sooke Zoning Bylaw, 2011*, as amended. Such applications shall be approved or rejected within 12 months of this Bylaw coming into effect and, if rejected, any future development must comply with this Bylaw.

1.9 Bylaw Amendments

Applications to amend this Bylaw shall be made in accordance with the District of Sooke's *Development Procedures Bylaw*.

1.10 Appeals and Variances

- a) Variances to this Bylaw may be granted by the Board of Variance of the District of Sooke.
- b) Variances to this Bylaw may be granted by Council through the issuance of development variance permits.
- c) Variances to this Bylaw may be granted by Council through the issuance of development permits.

NOTE: Diagrams are provided for illustration purposes only in this Bylaw.

ZONE means the areas into which the District of Sooke is divided in accordance with this Bylaw, and for which specific regulations are outlined in each Zone Schedule in Part 5;

ZONING MAP means the map marked as Schedule “A” attached to and forming part of this Bylaw.

PART 3 – GENERAL REGULATIONS

3.1 Applicability

Except as otherwise specified in this Bylaw, these Part 3 General Regulations apply to all zones established under this Bylaw.

3.2 Prohibitions

- a) No person being the owner or occupier of land including the surface of water or any building or structure shall use the land, building or structure, or cause, permit or allow it to be used, for any use not permitted by this bylaw.
- b) No person shall subdivide land except in accordance with this bylaw.
- c) No person shall construct, erect, alter, extend or site a building or structure, or cause, permit or allow it to be constructed, altered, extended or sited, except in accordance with this bylaw.
- d) The uses specifically permitted in any Zone Schedule in Part 5 of this bylaw are the only uses permitted in that zone in addition to the uses permitted by section 3.3, and all other uses are prohibited. Without limiting the generality of the foregoing, the following uses are specifically prohibited:
 - i. Residential use in W zones;
 - ii. Refuse and garbage dumps
 - iii. The use of a tent, travel trailer, recreational vehicle, bus, boat or other vehicle or shipping container as a dwelling unit.

(amended by Bylaw No. 583 adopted February 11, 2014)

- e) Any lot in existence on the date of adoption of this bylaw may be used for any use permitted by this bylaw in the zone in which the lot is located, despite not complying with the minimum lot size or frontage requirements of the bylaw in relation to subdivision, but subject to all other regulations in this bylaw pertaining to the use.

3.3 Uses Permitted in Any Zone

The following uses are permitted in any zone:

- a) Public utility buildings and structures, provided they comply with the siting, size and height limitations prescribed for the zone in which they are located;
- b) Community Care Facilities licensed pursuant to the *Community Care and Assisted Living Act* in the Large Lot Residential (R1) zone, the Medium Lot Residential (R2) zone, the Small Lot Residential (R3) zone, single family zones, the Rural Residential 4 (RU4) zone, and the Neighbourhood Rural Residential (RU5) zone, which for the purposes of application of this section of the Act, includes the Rural Residential 4 (RU4) and Neighbourhood Rural Residential (RU5) zones, providing day care for not more than 8 persons ~~in care~~, or residential care for not more than 6 persons.
- c) Transportation facility established by one of the levels of government or a Crown Corporation;
- d) Hiking trails, horse trails, bicycle paths;
- e) Parks;
- f) Conservation uses;
- g) Gardening and the growing of food;

Commented [KG7]: Note to Staff: Language has been revised for consistency with new SSMUH zone(s).

3.4 Accessory Uses

- a) Accessory uses must be conducted on the same lot as the principal use.
- b) Buildings, structures and uses accessory to principal uses are permitted in any zone, and must be sited on the same lot as the principal building.
- c) No accessory building or structure shall be situated on a lot unless the principal building, to which the building is accessory, has already been erected or will be erected simultaneously with the accessory building on the same lot, except as provided in Section 3.32 (Temporary Buildings).
(amended by Bylaw No. 583 adopted February 11, 2014)
- d) An accessory building shall not be used as a dwelling unit or sleeping unit except as otherwise provided for in this Bylaw.
- e) The floor area of an accessory building or buildings shall not exceed the floor area of the principal building or use.
- f) Any structure or portion of a building that is attached to a principal building by means of an enclosed structure including any garage or carport is deemed to be a part of the principal building subject to the requirements of this bylaw applicable to the principal building, and is not an accessory building for any purpose.

3.5 Animals in ~~Single-Family Residential~~ **Small-Scale Multi-Unit Residential, Multi-Family Residential, and Comprehensive Development Zones**

Animal control in Sooke shall be in accordance with the District of Sooke Bylaw No. 392, *Animal Regulation and Impounding Bylaw, 2009*, as replaced or amended from time to time), and the following regulations:

- a) The keeping of livestock and male poultry is prohibited on lots less than 2,000 m² in area;
- b) The keeping of female poultry is prohibited on lots less than 600 m² in area;
- c) The keeping of up to 6 female poultry in enclosed runs is permitted on lots less than 2,000 m² but more than 600 m². Runs shall provide at least 0.8 m² of space per bird and coops of at least 0.2 m² of space per bird;
- d) A building or structure used for the keeping of animals must not be located in the front yard, and must be located at least 6 m from any lot line.

Commented [KG8]: Note to Staff: Language has been revised for consistency with new SSMUH zone(s).

3.6 Campground Use

Notwithstanding any other provision of this bylaw, all campgrounds shall be used only in accordance with the following:

- a) No person shall occupy a campground for more than 180 consecutive days in any calendar year;
- b) Recreational vehicles located within a campground shall have a valid motor vehicle license at all times;
- c) Campground space shall be used only by tents and by wheeled recreational vehicles licensed for highway use;
- d) A campground may have up to three group sites per campground; and
- e) Structural additions to recreational vehicles in campgrounds are not permitted.

3.7 Density Bonus Provisions

In addition to the amenity and density bonusing policies of the *District of Sooke's Official Community Plan*, the following specific increases in density may be permitted for multi-family uses permitted by this bylaw, based on the developer providing the related amenities noted:

- a) Where 80% or more of the on-site parking spaces are provided as underground parking spaces or concealed within the building, the maximum number of multi family residential units may be increased by 10 units per ha. The height may be increased by one storey and lot coverage may be increased by 5%.
- b) Where an Assisted Living Facility is provided in a multi-family or a Community Care Facility in a mixed commercial/multi-family development, the maximum lot coverage may be increased by 5%;
- c) Where a public open space is provided covering more than 5% of the property, lot coverage may be increased by 10%;
- d) In the Town Centre, where canopies fronting at least 75% of the building frontage are provided, the maximum lot coverage may be increased by 5%.

3.8 Density Calculations

In calculating density, if calculations result in a fractional number, the lower whole number is used.

3.9 Employee Housing

- a) Employee housing, where provided, shall not be included in units per hectare calculations under this bylaw, to a maximum of 10 additional dwelling or sleeping units;
- b) An agreement must be entered into as per s.905 of the *Local Government Act*;
- c) Employee housing may be in the form of a dwelling unit and/or sleeping units with shared kitchen and bath facilities.

3.10 Fences

Except as otherwise specifically stated in this Bylaw:

- a) Fence height shall be determined by measuring vertically from the average natural grade level within 1 m of both sides of the fence to the highest part of the fence;
- b) Fence additions shall be included in the calculation of total fence height;
- c) Maximum fence height for fences in ~~single family~~ small-scale multi-unit residential, multi-family residential, water, comprehensive development and mixed use zones:
 - i. Front and flanking yard – 1.2 m
 - ii. Rear and side yard – 2 m
 - iii. All yards abutting Highway #14 on residential properties – 2 m
- d) Maximum height for fences in rural, commercial, institutional or industrial zones - 2.5 m;
- e) Where there is overlap between front and flanking yards or rear and side yards, the lower maximum fence height will apply;

Commented [KG9]: Note to Staff: Language has been revised for consistency with new SSMUH zone(s).

- f) Notwithstanding the provisions of sections 3.10 (c) and (d), fences used for recreational purposes, such as ball parks, playgrounds, golf courses, and other similar sports, public utility uses and industrial storage areas shall not exceed a height of 6 m provided such fences are constructed of material that permits visibility, such as wire mesh;
- g) Fences may not be constructed within the sight triangle;
- h) Where hedges are used as a living fence along the property line, the sight triangle rules apply.

3.11 Flammable Liquid and Gas Dispensing / Storage Tanks

- a) In all zones the dispensing and storage of flammable liquids and gases shall meet the requirements of the *BC Fire Code*, *National Fire Protection Act*, and applicable District of Sooke regulations.
- b) In ~~single-family~~ **small-scale multi-unit residential** and comprehensive development zones, the storage of flammable liquids and gases shall not exceed 1,000 litres per lot.
- c) In rural and multi-family residential zones, the storage of flammable liquids and gases shall not exceed 2,000 litres per lot.

Commented [KG10]: Note to Staff: Language has been revised for consistency with new SSMUH zone(s).

3.12 Height

Notwithstanding height restrictions in this Bylaw:

- a) An elevator shaft, mechanical room, industrial crane, grain elevator, silo, tower tank and bunker, cupola, place of worship spire, flag pole, fire and hose towers, chimney, vent, aerial, monument, belfry, dome, smoke and fume disposal and dispersing facilities, stadium bleacher, farm building or structure, lighting pole, public utility poles, radio or television antenna, federally regulated communication tower, stair tower, and windmill may be of unlimited height provided that such structures occupy no more than 5% of the area of the lot or, if situated on a building, not more than 5% of the area of the roof of that building;
- b) Rooftop solar panels situated on a building may exceed height restrictions by up to 1 m.

3.13 Liquor Licensed Facilities

Development applications that require a new liquor primary license or an amendment to an existing license are subject to the District of Sooke's *Liquor License Application Procedure Policy*, and the requirements of the provincial agency having authority.

3.14 Subdivision

For subdivision purposes:

- a) No land shall be subdivided into a lot or lots having a lot area or lot width less than the minimum prescribed by this bylaw;
- b) Notwithstanding section 3.14(a) the minimum lot width and lot area requirements prescribed by the Zoning Bylaw shall not apply where:

- i. A lot is being created to be used solely for the unattended equipment necessary for the operation of utilities or other similar public or quasi-public service, and the owners enter into a covenant pursuant to section 219 of the *Land Title Act* satisfactory to the Approving Officer limiting the use of the lot to that use;
 - ii. A lot is being created is for park use only;
 - iii. A part of the lot is separated from another portion of the lot by a road, watercourse, or topographical features such that the separated part constitutes less than 10% of the total lot area, it may be consolidated;
 - iv. A lot is split into separate parts by a highway, the Approving Officer may approve the subdivision of the parts;
 - v. Two or more lots are being consolidated and re-subdivided, and the proposed subdivision will result in the same or a lesser number of lots, and none of the lots to be created by the subdivision is smaller in area or in width than the smallest of the existing lot of land being subdivided.
- c) No land shall be subdivided into panhandle lots having an area less than 600 m² excluding the access strip.
- i. If a panhandle lot is not capable of being further subdivided under existing zoning, the minimum width of the access strip at any point shall be no less than 6 m.
 - ii. If a panhandle lot is capable of being further subdivided under existing zoning, the minimum width of the access strip at any point shall be 20 m.
- d) Where a portion of the parent lot is dedicated for highway widening, a waterfront walkway, a trail, or parkland in excess of 5% of the area of the parent lot, each lot being created by subdivision shall not be less than 90% of the minimum lot area prescribed in this bylaw for subdivision purposes.
- e) The minimum area of a lot to be considered for subdivision under Section 514 of the *Local Government Act* is 5000 m².

3.15 Recession Plane

The purpose of the recession plane rules is to assist with determining access to sunlight and daylight on the street, and protect public view corridors to the marine shoreline throughout the District of Sooke.

- a) The recession plane provisions apply to all public view corridors to the marine shoreline and public view corridors are defined as any road or right of way directly intersected to Highway 14 and perpendicular to the marine shoreline.
- b) The recession plane provisions apply on any side of a building that is fronting a highway which is defined as a public view corridor in 3.16 (a);
- c) No portion of the building or structure is to encroach within the 35° angle of recession as measured from a point 6 m above the property line, and 6 m back from the property line, per accompanying diagram.

Diagram 7: Recession plane

3.16 Residential Uses

- a) ~~Not more than one dwelling unit shall be located on any lot except as specifically permitted in this Bylaw;~~
- b) ~~a) Except where otherwise stated, single family dwellings shall have a minimum width of 5 m.~~
- b) A tent, travel trailer, recreational vehicle, bus, boat, or other vehicle or shipping container is not permitted as a residential use or dwelling unit.
- c) The maximum number of dwelling units per lot permitted in rural, small-scale multi-unit residential, and comprehensive development zones includes secondary suites and small suites, unless otherwise permitted in this Bylaw.

Commented [BT11]: Note to Staff: Given the new changes, this clause would be applicable in very few cases and the development regulations in the zones more clearly specify where this would occur. Recommend removal of this clause.

Commented [BT12]: Note to Staff: For the ZB update - recommend removal of this clause as this is regulated through the Building Code

3.17 Screening and Landscaping Requirements

On multi-family residential, commercial, institutional, and industrial zoned lots, the following will apply:

- a) Along all property lines separating the developed portion of the site from any residential zoned property, except where a building abuts the property line, screening shall be provided and maintained comprised of:
 - i. Landscaping at least 1.5 m high in a strip at least 1.0 m wide; or
 - ii. A solid decorative fence at least 1.5 m high but not higher than 2.5 m;
- b) Along the developed portion of each side of the site which abuts a public highway, continuous landscaping not less than 1.5 metres in width shall be provided and maintained. This landscaping may be interrupted at boulevard crossings;
- c) Loading areas or trucking yards shall be screened from adjacent residentially zoned property to a height of at least 2.5 m by buildings, a landscaping screen, a solid decorative fence, or a combination thereof;
- d) Outdoor storage areas shall be screened from adjacent lots by a solid decorative fence or landscaping of a minimum height of 2 m;
- e) Refuse removal areas shall be screened on three sides by a fence or wall of a minimum height of 2 m or the height of the container, whichever is higher;
- f) Every commercial, industrial, institutional or multiple family residential building of more than three dwelling units shall be provided with a screened refuse removal area of at least 3 m in width and 4 m in length.

3.18 Setback Exemptions

Except as otherwise provided in particular zones, *and in section 3.22, the setback requirements of this Bylaw shall not apply with respect to structures listed below; no other features may project into a required setback area:* [Amended by Bylaw 750 (600-77), Adopted September 28, 2020]

- a) Freestanding light poles, warning devices, traffic controls, directional signs, antennas, masts, utility poles, wires required for a public purpose or public utility use, provided visibility for highway access is not obstructed;
- b) Open decks or patios without a roof structure, ancillary to a residential occupancy and having a floor level less than 0.6 m above the adjoining grade;
- c) Gutters, cornices, sills, belt courses, cantilevers, heating or ventilating equipment if the projections do not exceed 0.6 m or 50 % of the width of the yard in the case of a projection into a side or rear yard less than 1.5 m in width;
- d) Eaves, unenclosed stairwells, canopies and sunshades if the projections, measured horizontally, do not exceed:
 - i. 0.6 m in the case of rear yard;
 - ii. 1 m in the case of front yard; or
 - iii. 0.6 m in the case of side yard;
- e) Pumphouses;
- f) Fences and retaining walls, excluding seawalls; [Amended by Bylaw 750 (600-77), Adopted September 28, 2020]

3.19 Setbacks, Highway 14

On parcels along Highway 14 between the Sooke River and Grant Road setbacks of all buildings and structures shall be measured from a line that parallels the property line abutting Highway 14 and is located 15 m from the centerline of Highway 14.

3.20 Setbacks, Side Yard (Town Centre)

Commercial, multi-family, or institutional developments within the Town Centre abutting a lot designated Duplex/Single Family Dwelling (D/SFD) or Existing Housing (H) in the "Summary Map" on p. 8 of the Sooke Town Centre Plan (adopted June 9, 2009), shall have a side yard setback of not less than 4.5 metres.

3.21 Setbacks (Water)

- a) Notwithstanding any other provision of this Bylaw, no building, recreational vehicle, seawall of any height, any other structure, nor any part thereof shall be constructed, moved, extended or located within 15 meters from the natural boundary of the sea;
- b) Notwithstanding any other provision of this Bylaw, the Streamside Protection And Enhancement Area (SPEA) from the natural boundary of any lake, river, pond, marsh, stream, watercourse, wetland or source of drinking water shall be established by an accepted Assessment Report and no building, recreational vehicle, seawall of any height, any other structure, nor any part thereof shall be constructed, moved, extended or located within 1 metre of the established Streamside Protection And Enhancement Area (SPEA)."

3.22 Sight Triangle

On a corner lot contiguous to a highway intersection, hedging and other vegetation shall be 1 m or less in height, and no building, structure, or fence, shall be constructed or erected within an area bounded by a line joining points on each lot line, a distance of 6 m from the corner of the lot, and the point of intersection of the highway.

Diagram 8: Sight Triangle

3.23 Signage

All signage shall conform to the applicable requirements of the District of Sooke's Bylaw No. 480, *Sign Regulation Bylaw, 2011*.

3.24 Steep Slope Setback

Where the building site is located at the top of a steep slope 30% or greater for a horizontal distance of 15 meters or greater, as measured from natural grade and/or is closer than 15 meters to the natural boundary of the sea or a watercourse, the setback shall be a horizontal distance from the top of bank, or toe of bank if the bank is subject to erosion, equal to 3 times the height of the bank as measured from toe of the bank.

[Amended by Bylaw 750 (600-77), Adopted September 28, 2020]

Diagram 9: Steep Slope Setbacks

3.25 Storage of Vehicles, Junk or Wrecks

- a) Storage of vehicles on any residential lot shall be limited to one unlicensed vehicle stored in the rear yard.
- b) Except in a wrecking yard in the M3 zone, no lot shall be used for the exterior storage, collection or accumulation of all or part of any derelict or wrecked motor vehicle, or all or part of any motor vehicle that is not registered and licensed in accordance with the *Motor Vehicle Act* and capable of motion under its own power.

3.26 Suites - General

- ~~a) Only one secondary suite or small suite shall be permitted on a lot with a single family dwelling.~~
- ~~b) An owner of the lot must occupy either the secondary or small suite or the single family dwelling.~~
- e)a) A bed and breakfast use shall not be permitted within a ~~single family dwelling~~ principal residential building with a secondary suite or in a small suite.
- d)b) The suite shall not significantly change the external residential appearance and primary character of the ~~single family dwelling~~ principal residential building or lot.

Commented [KG13]: Note to Staff: Revisions to the General and Secondary Suite-specific suite regulations seek to align with guidance provided within the SSMUH Policy Manual to improve flexibility surrounding the development and implementation of accessory dwelling units in zones affected by SSMUH.

Commented [KG14]: Note to Staff: Language has been revised for consistency with new SSMUH zone(s).

~~e)c)~~ See sections 3.27 and 3.28 for further information on each type of suite.

3.27 Suites - Secondary Suites

- a) A secondary suite shall not occupy more than 40% of the habitable floor area of the ~~single family dwelling principal dwelling~~ unit it is contained within.
- b) The floor area of a secondary suite shall not exceed 90 m² or be less than 40 m².
- ~~c)~~ A secondary suite may be used as a vacation accommodation unit.
- ~~e)d)~~ A secondary suite cannot be stratified from the principal dwelling.

Formatted: Font: 8 pt, English (United States)

3.28 Suites - Small Suites

- a) The floor area of a small suite shall not exceed 90 m².
- b) A small suite shall be freestanding or combined with an accessory building.
- c) A small suite may be in the form of manufactured or modular home but shall not exceed a length of 13 m.
- ~~d)~~ A small suite may be used as a vacation accommodation unit.
- ~~e)~~ A small suite cannot be stratified from the principal dwelling.
- ~~e)f)~~ For lots less than 1 ha (10,000 m²) in area, a small suite must be connected to a community sewer system.

3.29 Swimming Pools

- a) Swimming pools must be provided with non-climbable fencing or equivalent barrier of not less than 1.5 m in height, and a gate closure and latch shall be provided at the highest practical point. The gate must be self-closing and self-latching.
- b) Swimming pools shall be located a minimum of 3 m from any side or rear lot line and are prohibited in a front or flanking yard. This regulation shall not apply to ornamental ponds, water fountains or other decorative water features having a water depth of less than 0.6 m.

3.30 Temporary Buildings

A temporary building or structure may be placed for construction or marketing or office purposes on a lot being developed, for a period not to exceed the duration of such construction or one year.

3.31 Temporary Use Permits

- a) All Commercial and Industrial Zones, Area D of Sun River Estates CD Zone, Areas 1 and 3 of Mariner's Village CD Zone, Prestige Hotel & Resort CD Zone, Area D: Neighbourhood Commercial of Spiritwood Estates CD Zone and Knox Centre CD Zone established by this bylaw are designated under s. 492 of the *Local Government Act* as areas where Temporary Use Permits may be issued to authorize commercial or industrial uses not otherwise permitted in this bylaw, subject to the general conditions set out in the zone.
[Amended by Bylaw No. 741 (600-73) Adopted September 16, 2019; previously added by Bylaw No. 726 (600-67) Adopted January 28, 2019]
- b) Temporary Use Permits for historic non-conforming non-residential uses may also be considered in the area designated Gateway Residential in the *Official*

Community Plan. [Amended by Bylaw No. 741 (600-73) Adopted September 16, 2019; previously added by Bylaw No. 726 (600-67) Adopted January 28, 2019]

- c) Temporary Use Permits for Cannabis Production – Micro facilities may also be considered outside of the area designated Town Centre in the *Official Community Plan* and only on properties zoned RU1 Watershed, Forest & Agriculture, RU2 Rural, RU3 Small Scale Agriculture, C1 Neighbourhood Commercial, C2 General Commercial, C3 Service Commercial, and C4 Commercial Recreation. *[Added by Bylaw No. 741 (600-73) Adopted September 16, 2019]*

3.32 Undersized Lots

Lots that:

- a) exist in the records of the Land Titles Office, at the time of adoption of this Bylaw; or
- b) have been reduced to an area that is less than the minimum lot area, as specified in this Bylaw as a result of highway widening by the Province of BC Ministry of Transportation;

may be used for the uses permitted in the zone in which they are located, subject to all other regulations of this or any other bylaw, regulation or statute

PART 4 – SPECIFIC USE REGULATIONS

4.1 Bed and Breakfast Regulations

In the zones which permit a bed and breakfast use:

- Bed and breakfast units shall be located in the principal dwelling unit except as hereby permitted in this Bylaw;
- On lots greater than 2,000 m², bed and breakfast units may be located in an accessory building provided that a minimum of 50% of all bed and breakfast units shall be located in the principal dwelling;
- Notwithstanding subsection (b) one accessory building for the provision of a bed and breakfast unit not exceeding 55 m² may be located on amended Lot 8, (DD25332-I), Section 73, Plan 4036, Sooke District;
- The total number of bed and breakfast units and the maximum size of an accessory building for use as a bed and breakfast unit(s) shall be as follows:

Lot Size	Total Number of Bed and Breakfast Units	Total Permitted Number of Units in an Accessory Building	Total Floor Area of Accessory Bed and Breakfast Unit(s)
2000 m ² or less	3 units	0	0 m ²
More than 2000 m ² and less than 4000 m ²	3 units	1	55 m ²
4000 m ² or more and less than 8000 m ²	4 units	1	55 m ²
8000 m ² or more	4 units	2	110 m ²

- Notwithstanding the above described table, Lot 5, Section 4, Plan 1282, Sooke District and Lot 3, Section 63, Plan 6687, Sooke District, will be permitted a "total number of bed breakfast units" of 4 units in the category "More than 2,000 m² and less than 4,000 m².";
- Breakfast meals only may be served to transient guests;
- The bed and breakfast use shall not increase the parking of motor vehicles on the lot by more than one vehicle at a time for each unit;
- Side and rear lot line setbacks for an accessory building used for bed and breakfast units shall be the same as for the principal dwelling in the zone in which it is located;
- An accessory building used as a bed and breakfast unit shall be located not more than 45 m distant from a point where vehicle access to the lot and the public road right-of-way intersect unless the Sooke Fire Department has approved an alternative access and egress plan.

Commented [KG15]: Note to Staff:

BED AND BREAKFAST means the accessory use of a single family dwelling or an accessory building for temporary overnight tourist accommodation of the travelling public, but which does not provide meals, other than breakfast, for guests.

Given the above, the only means for B&B use in the SSMUH zones is in scenarios where there is either:
A SFD, and/or
On lots greater than 2000m², an accessory building that isn't a small suite (ie, can only have a kitchenette).

Unless there is concern about the potential for B&B use in accessory buildings on large lots where duplexes are permitted, I don't think we need to change anything here!

- j) Bed and breakfast facilities located within a single family dwelling may be equipped with a refrigerator, microwave oven, and electric appliances for making hot beverages, and those located within an accessory building may be equipped with any of the foregoing or may contain a kitchenette.
- k) No more than the number of guests permitted by the British Columbia Fire Code shall be permitted in the principal single family dwelling.

4.2 Crematorium

The siting of a crematorium as an accessory use to a funeral home shall not be located less than 30 metres from any lot line and not less than 60 metres from any lot in a Rural or Residential Zone.

4.3 Home Based Business Regulations

- a) The home-based business use shall only be conducted by a resident on the lot and shall not employ more than two additional non-resident persons on the lot.
- b) The home-based business use shall not involve exterior storage or display of any material or equipment associated with the home-based business.
- c) The maximum floor area that may be used for home-based business use, including office space, storage, processing or sale, shall not exceed 50 m² or 40% of the floor area of the dwelling on the lot, whichever is less.
- d) The home-based business use shall not produce any hazard, offensive odour, noise, dust, smoke, glare, toxic or noxious matter, heat, electrical interference, fire hazard, litter, additional waste, floodlighting, vibration, excessive customer or service traffic, or create a nuisance of any kind other than that normally associated with a dwelling or residential use.
- e) All parking associated with the home-based business use shall be contained on the lot.
- f) The home-based business use shall be clearly subservient to the use of the dwelling unit for residential purposes and to the residential use of the lot on which the dwelling is located.
- g) The home-based business shall be conducted entirely within a dwelling unit or a permitted accessory building, with the exception of a children's daycare which may use an outdoor play area.
- h) There shall be no variation of the external residential appearance of the land and premises in which the home-based business is carried on except that one (1) non-illuminated sign per lot shall be permitted.
- i) All articles sold through a home-based business shall be produced on the lot and no retail activity of any other materials or goods shall occur except that articles manufactured off site may be sold through a home-based business in an office setting provided that all storage and distribution of articles is carried out off site by persons employed in the home-based business. These articles may be available for viewing on the lot.
- j) The home based business shall not be operated in a manner that generates more than two client visits at any one time or more than 10 client visits per day, with the exception of community care facilities.

- k) No more than one commercial utility trailer or commercial vehicle shall be stored or parked on a lot or the adjacent roadway at one time in connection with the operation of the business.
- l) Any home based business use must comply with all municipal, regional, provincial and federal, and all environmental protection regulations.
- m) The following uses are prohibited as a home based business:
 - i. Auto repair on lots 2,000 m² in area or smaller;
 - ii. Auto repair outside of an enclosed building;
 - iii. Heavy equipment storage and repair;
 - iv. Autobody work;
 - v. Welding or steel manufacturing;
 - vi. Cannabis Production - Micro and Cannabis Production – Standard.

[Added by Bylaw No. 741 (600-73) Adopted September 16, 2019]

4.4 Off-Street Loading Facilities Regulations

- a) Where the terms of this Bylaw require the provision of off-street loading spaces, every owner of land shall provide and maintain off-street loading spaces in accordance with the regulations contained in this Bylaw
- b) For new buildings, structures or uses, off-street loading spaces shall be required in accordance with the regulations set out in this section.
- c) For additions to existing buildings or structures, or for changes or additions to an existing use, the off-street loading spaces required shall be determined by applying the regulations of this section to those changes or additions.
- d) Where off-street loading spaces in excess of bylaw requirements are provided, their location, design and operation shall comply with the requirements of the bylaw.
- e) One off street loading space shall be provided for each 2,000 m² of floor area or fraction thereof within a building or structure that contains an industrial, commercial, or public institutional use.
- f) All off-street loading spaces shall be:
 - i. Surfaced with asphalt, concrete or similar pavement so as to provide a surface that is durable and dust-free for the purpose intended;
 - ii. Drained and graded so as to dispose of all surface water on-site;
 - iii. In industrial and rural areas where the loading space is located within the permitted side and/or rear yard, the loading space may be surfaced with compacted pervious materials such as gravel or a comparable product.
- g) All off-street loading spaces shall be a minimum of 9 m in length and 3 m in width, and have a vertical clearance of 4.3 m.
- h) Adequate provision shall be made for access by vehicles to all off-street loading spaces by means of a 6 m maneuvering aisle and shall be located so that each separate use within a development has access to a space.
- i) All off-street loading spaces shall be clearly marked with the words "LOADING SPACE ONLY" on the pavement or wall facing.

4.5 Parking Regulations

- a) Except where otherwise permitted in this bylaw, all off-street parking requirements for uses permitted on a lot must be satisfied on the lot where the use requiring the spaces is located;
- b) For new buildings, structures and uses, off-street parking spaces shall be required in accordance with the regulations of this Bylaw.
- c) For additions to existing buildings or structures, or for changes or additions to an existing use, the parking spaces required shall be determined by applying the regulations of this Bylaw to those changes or additions.
- d) If off-street parking spaces in excess of bylaw requirements are provided, the location, design and operation shall comply with the requirements of this bylaw.
- e) Where excess parking spaces are provided in residential areas, they shall be covered with a pervious material, to permit rainwater infiltration.
- f) All required off-street parking spaces shall be used for the purpose of accommodating the vehicles of owners, clients, customers, employees, members, residents, tenants or visitors who make use of the principal building or use for which the parking area is provided, and such parking area shall not be used for off-street loading, driveways, access or egress, commercial repair work, display, sale or storage of goods of any kind.
- g) Except for residential uses, off-street parking spaces may be provided on a lot other than on the lot that contains the principal building, provided that such parking facilities shall be located not more than 150 m from any building or use to be served and that such parking spaces be designated for that use by means of a covenant under Section 219 of the *Land Title Act*, registered against the property on which it is situated with an easement which permits the owner, employees and customers of the business property access to the spaces on the parking property.
- h) Where changes or additions to a use or building create an additional parking requirement in excess of 25% of the previous parking requirement, an owner may make cash payment in lieu of providing some or all of the additional parking spaces.
- i) Uses of land and buildings located within the Town Centre, designated in the Official Community Plan and operating only outside the hours of 6 am and 6 pm need not provide off-street parking spaces otherwise required by the bylaw provided that the lot on which the use is located is within 100 m of a parking lot located in the Town Centre containing sufficient parking spaces to satisfy the parking space requirement that applies to the use, that are not required in respect of another existing use of land or buildings and the easement for parking over the parking lot; and that the District holds a restrictive covenant over the parking lot under section 219 of the *Land Title Act* restricting the use of the land or a portion of the land to parking for the use that requires the parking spaces, during the hours of operation of the use that requires the parking spaces.

4.6 Development and Maintenance Standards for Off-Street Parking

- a) All vehicular parking spaces must be surfaced with asphalt, concrete or permeable material and drained and maintained so as to assure availability to customers and employees of the use requiring the spaces.
- b) For the purposes of this section, “permeable” means such consolidated surface materials such as grasscrete, grass pave, porous concrete, and brick pavers, but not unconsolidated materials such as crushed rock, gravel, grass, earth or other loose materials.
- c) Off-street parking spaces must be laid out so as to permit vehicles access to access the abutting street without moving backwards onto the street.
- d) Off-street parking spaces shall not be arranged so as to require the backing out of vehicles onto a highway, other than for a single family residential or duplex dwelling use. This provision does not, however, apply to lanes.
- e) Adequate provision shall be made for individual access to or from all parking spaces at all times by means of unobstructed maneuvering aisles. Maneuvering aisles of not less than the following widths shall be provided:

Parking Angle	Width of Aisle
90°	7.5 m
60°	5.5 m
45°	4 m

Diagram 10: Parking Angles

- f) Concrete barrier curb shall be located in such a manner as to prevent vehicular damage to landscaping or vehicular overhang on walkways, where applicable.

- g) Lighting used to illuminate off-street parking areas or parking garages shall be arranged that all direct rays of light are directed downwards to the parking areas or garages, and not upon adjoining property.
- h) Lighting will have an average illumination of 6 lux in residential areas and 11 lux in commercial, institutional, and industrial areas.
- i) All off-street parking spaces within residential developments that are intended to be used by visitors to such development shall be clearly marked "Visitor Parking Only".
- j) Off-street parking spaces shall have clear minimum dimensions as follows:

Type of Parking Space	Length	Width
Standard Space	5.8 m	2.7 m
Small Space	5.2 m	2.5 m
Disabled Space	5.8 m	3.7 m

- k) Where a parking space adjoins a fence or other structure greater than 0.3 m in height, the width of the parking space shall be increased by 0.3 m to enable the convenient opening of vehicle doors.
- l) A minimum of 60% of the spaces provided shall be standard spaces.
- m) Off-street surface parking spaces provided on property zoned for uses other than single family and small-scale multi-unit residential shall be located no closer than 3 m to a property line which abuts a public highway; and no closer than 1.5 m to any other property line.

Commented [KG16]: Note to Staff: Language has been revised for consistency with new SSMUH zone(s).

4.7 Calculating Parking Requirements

- a) When the calculation of off-street parking requirements results in a fractional figure, it shall be rounded upward to the nearest whole number.
- b) If more than one use is located on a lot or parking collectively serves more than one building or use, the total number of spaces shall be the sum of the requirements for the various classes of uses calculated separately, and the parking space required for one use shall not be included in calculations for any other use.
- c) An off-street loading space shall not be considered as an off-street parking space for the purpose of calculating the parking spaces provided.
- d) If a use is not listed in 4.8, the number of spaces shall be calculated on the basis of a similar use that is listed.

4.8 Parking Requirements

The following parking standards shall apply, except where a property is located within the Town Centre area, in which case the standards below are reduced by 50%.

Outside of the Town Centre, a developer of land may provide 50% of the required parking where a cash in lieu of parking contribution equal to the value of the outstanding parking requirement to the District parking reserve fund in accordance with the provisions of Bylaw No. 261, *Parking Facility Reserve Fund Establishment Bylaw*.

5.2 Zone Schedules

The Zone Schedules numbered 101 to 900 containing the uses and regulations pertaining to the zones referred to above form an integral part of this bylaw.

5.3 Letter Suffix

A letter attached to a zone designation denotes a sub-zone where additional uses or conditions of use are permitted or restricted, subject to the regulations of the zone in which the suffix is applied.

5.4 Zoning Map

The location and extent of each zone established by this Bylaw is shown on the Schedule "A" Zoning Map of the District of Sooke, which forms part of this Bylaw.

5.5 Zone Boundaries

- a) Where a zone boundary is shown on Schedule "A" Zoning Map as following a road allowance or a watercourse, the centre line of the road allowance or the centre of a watercourse, excluding a lake or the sea, shall be the zone boundary.
- b) Where a zone boundary does not follow a legally defined line, and where distances are not specifically indicated, the location of such boundary shall be determined by scaling the Zoning Map.

5.6 Zone Abbreviations

Where zone abbreviations are used within the text of this Bylaw, they shall be read in the same manner as the full textual name of the zone would be read.

5.7.5.7 Split Zones

Where a lot is divided into separate zones,

a) the use, siting and density regulations for each portion shall be those specified for the zone applicable to that portion.

~~b) in the case of a lot that is partially within the residential zones, not more than one dwelling unit shall be permitted on the lot unless the additional dwelling unit is a secondary suite or small suite permitted by this bylaw.~~

Commented [KG18]: Note to Staff: As discussed, Section 5.7(b) has been removed to better align with the SSMUH zones, as well as to minimize redundancy throughout the Bylaw.

Farm Building or Structure	10 m	10 m	10 m	10 m	0 m
Aquaculture or Intensive Farm Building or Structure	30 m	30 m	30 m	30 m	10 m

Commented [KG20]: Note to Staff: As informed by the SSMUH Policy Manual: for zones requiring a minimum of 2 dwelling units, aligning the minimum setback requirements for both principal and accessory buildings and structures will enable flexibility for a large range of lot sizes, configurations, and building types.

The Manual also notes that larger distances from property lines are likely to be used by builders or developers to meet BC Building Code requirements for combustible buildings, and to accommodate drive aisles to back of the property where applicable.

101.10 Conditions of Use:

- a) A minimum lot size of 2 hectares or larger is required for Agriculture-intensive on lots not within the *Agricultural Land Reserve* and on lots that have been exempted in writing by the *Agricultural Land Commission* from the *Agricultural Land Commission Act and Regulations*. [Amended by Bylaw No. 771 (600-78) Adopted February 10, 2020]

Large Lot Residential

R1

201.1 Purpose: ~~This zone applies to~~ To accommodate a variety of small-scale ~~multi-unit residential housing forms on parcels – those lots~~ of land designated as Community Residential ~~that are 1000 m² and larger in area and intended for residential purposes, outside of the Town Centre, but are~~ within the Sewer Specified Area.

201.2 Permitted Uses:

Principal Uses:

- a. Horticulture
- b. Single family dwelling ~~or one duplex per lot~~
- c. Small-scale multi-unit residential dwelling

Accessory Uses:

- d. Bed and breakfast
- e. Boarding and lodging
- f. Home-based business
- g. ~~One s~~Secondary suite
- h. ~~or one s~~Small suite ~~on a lot with a single family dwelling~~
- i. Vacation accommodation unit

201.3 Minimum Lot Size for Subdivision Purposes: 1,000 m²

201.4 Minimum Width for Subdivision Purposes: 15 m

201.5 Maximum Number of Dwelling Units per Lot:

- a) ~~For lots wholly outside of the Community Growth Area, or not connected to a community sewer system and community water system, or larger than 4050 m², or within the Agricultural Land Reserve: 2 dwelling units~~
- b) For lots 280 m² or smaller: 3 dwelling units
- c) For lots larger than 280 m²: 4 dwelling units

201.6 Maximum Number of Residential Buildings:

- a) Principal buildings: 1 per lot
- b) Secondary suites: 1 per principal dwelling unit
- c) Small suites: 1 per principal dwelling unit

201.7 Maximum Height:

- a) Principal Buildings: 3 storeys, up to a maximum height of 12 metres
- b) Accessory Buildings: 2 storeys, up to a maximum height of 9 m

Commented [KG32]: This clause replaces the following condition of use:

Notwithstanding Sections 202.5 and 202.6 above, a maximum of two dwelling units comprised of one single family dwelling and either one secondary suite or one small suite is permitted where a lot achieves the following criteria:
i. Is not wholly or partly within the Community Growth Area;
ii. Is not connected to a community water system or community sewer system;
iii. Is larger than 4050 m²; and
iv. within the Agricultural Land Reserve.

Commented [KG33R32]: BT: Your original suggestion was to add this clause and then revise the condition of use as follows:

Notwithstanding Section 201.6, a maximum of two dwelling units shall be provided where Section 201.5(a) applies. Such dwelling units shall be comprised of one single family dwelling plus either one secondary suite or one small suite.

I have removed this condition of use however, as it seems redundant AND would limit someone from developing a duplex - which wouldn't align with SSMUH OR the fact that duplexes were already allowed in the zone pre-SSMUH.

Commented [KG34]: Note to Staff: Language has been revised for consistency throughout the Bylaw.

Schedule 201 – Large Lot Residential (R1)

- 201.8 Maximum Lot Coverage: 30%**

 b) For lots larger than 1215 m²: 40%

201.9 a) Minimum Setbacks for Lots ≤ 1215 m²:

Use	Front Lot Line	Flanking Lot Line	Side Lot Line	Rear Lot Line	Lane Lot Line
Principal Building or Structure	4.5 m—house portion 6 m—garage/ carport portion 4 m	3.4 m	4.5 1.2 m	4.1.5 m	31.5 m
Accessory Buildings or Structures – 1-storey	7.5.4 m	3.4 m	1.2 m	4.2 1.5 m	0 m
Accessory Buildings or Structures – 2-storey	7.5.4 m	4.5 4 m	2.1 2 m	2.1 5 m	0 m

b) For both principal and accessory buildings or structures, if parking in the rear yard is required due to parking requirements and lot configuration:

- Flanking Lot Line: 3 m
- Side Lot Line: 3 m
- Rear Lot Line: 5 m
- Lane Lot Line: 5 m

201.10 a) Minimum Setbacks for Lots > 1215 m²:

Use	Front Lot Line	Flanking Lot Line	Combined Side Lot Line	Rear Lot Line	Lane Lot Line
Principal Building or Structure				6 m	1.5 m
Accessory Buildings or Structures	4 m	4 m	3 m	1.5 m	0 m

Commented [KG35]: Note to Staff: The SSMUH Policy Manual recommends universal setback minimums for both principal and accessory buildings - other than for rear lot lines on lots greater than 1215m² in area - and only considers varying the minimum setbacks in instances where off-street parking must be located at the rear of the property.

As well, review of other jurisdictions who have successfully adopted their SSUJH Zoning Bylaw amendments (ie, Nelson and West Kelowna), indicates that there is no existing precedent for differing minimum setbacks for principal, 1-storey accessory, and 2-storey accessory buildings within SSMUH-affected zones.

As such, applying the same setback for both 1- and 2-storey accessory buildings aligns with guidance provided by the Province while also simplifying/streamlining implementation.

Medium Lot Residential

R2

202.1 Purpose: ~~This zone is intended to apply to those residential~~To accommodate a variety of small-scale multi-unit residential housing forms on parcels of land designated as Community Residential that are 600 m² and larger in area and are within the Sewer Specified Area.

202.2 Permitted Uses:

Principal Uses:

- a) Horticulture
- b) Single family dwelling ~~or one duplex per lot~~
- c) Small-scale multi-unit residential dwelling

Accessory Uses:

- d) Bed and breakfast
- e) Boarding and lodging
- f) Home-based business
- g) ~~One s~~Secondary suite ~~or one~~
- h) ~~s~~Small suite ~~on a lot with a single family dwelling~~
- i) Vacation accommodation unit

202.3 Minimum Lot Size for Subdivision Purposes: 600 m²

202.4 Minimum Width for Subdivision Purposes: 15 m

202.5 Maximum Number of Dwelling Units per Lot:

- a) For lots wholly outside of the Community Growth Area, or not connected to a community sewer system and community water system, or larger than 4050 m², or within the Agricultural Land Reserve: 2 dwelling units
- b) For lots 280 m² or smaller: 3 dwelling units
- c) For lots larger than 280 m²: 4 dwelling units

202.6 Maximum Number of Residential Buildings:

- a) Principal buildings: 1 per lot
- b) Secondary suite: 1 per principal dwelling unit
- c) Small suite: 1 per principal dwelling unit

202.7 Maximum Height:

- b) Accessory Buildings: 2 storeys, up to a maximum height of 9 m

Commented [KG36]: This clause replaces the following condition of use:

Notwithstanding Sections 202.5 and 202.6 above, a maximum of two dwelling units comprised of one single family dwelling and either one secondary suite or one small suite is permitted where a lot achieves the following criteria:

- v. Is not wholly or partly within the Community Growth Area;
- vi. Is not connected to a community water system or community sewer system;
- vii. Is larger than 4050 m²; and
- viii. within the Agricultural Land Reserve.

Commented [KG37R36]: BT: Your original suggestion was to add this clause and then revise the condition of use as follows:

Notwithstanding Section 201.6, a maximum of two dwelling units shall be provided where Section 201.5(a) applies. Such dwelling units shall be comprised of one single family dwelling plus either one secondary suite or one small suite.

I have removed this condition of use however, as it seems redundant AND would limit someone from developing a duplex - which wouldn't align with SSMUH OR the fact that duplexes were already allowed in the zone pre-SSMUH.

Commented [KG38]: Note to Staff: Language has been revised for consistency throughout the Bylaw.

Commented [KG50]: This clause replaces the following condition of use:

Notwithstanding Sections 202.5 and 202.6 above, a maximum of two dwelling units comprised of one single family dwelling and either one secondary suite or one small suite is permitted where a lot achieves the following criteria:

- xiii. Is not wholly or partly within the Community Growth Area;
- xiv. Is not connected to a community water system or community sewer system;
- xv. Is larger than 4050 m²; and
- xvi. within the Agricultural Land Reserve.

Commented [KG51R50]: BT: Your original suggestion was to add this clause and then revise the condition of use as follows:

Notwithstanding Section 201.6, a maximum of two dwelling units shall be provided where Section 201.5(a) applies. Such dwelling units shall be comprised of one single family dwelling plus either one secondary suite or one small suite.

I have removed this condition of use however, as it seems redundant AND would limit someone from developing a duplex - which wouldn't align with SSMUH OR the fact that duplexes were already allowed in the zone pre-SSMUH.

Commented [KG62]: Note to Staff: For SSMUH-affected zones, all existing density-limiting provisions have been removed to ensure alignment with SSMUH legislative requirements.

Commented [KG63]: Note to Staff: In alignment with guidance found in the SSMUH Policy Manual, 'Small Suite' has been added as a permitted use in all SSMUH-affected CD zones to improve the viability and diversity of SSMUH housing forms.

Commented [KG64]: This clause replaces the following condition of use:

Notwithstanding Sections 202.5 and 202.6 above, a maximum of two dwelling units comprised of one single family dwelling and either one secondary suite or one small suite is permitted where a lot achieves the following criteria:

- xvii. Is not wholly or partly within the Community Growth Area;
- xviii. Is not connected to a community water system or community sewer system;
- xix. Is larger than 4050 m²; and
- xx. within the Agricultural Land Reserve.

Commented [KG65R64]: BT: Your original suggestion was to add this clause and then revise the condition of use as follows:

Notwithstanding Section 201.6, a maximum of two dwelling units shall be provided where Section 201.5(a) applies. Such dwelling units shall be comprised of one single family dwelling plus either one secondary suite or one small suite.

I have removed this condition of use however, as it seems redundant AND would limit someone from developing a duplex - which wouldn't align with SSMUH OR the fact that duplexes were already allowed in the zone pre-SSMUH.

area provides for a scale and character of development that is consistent with pedestrian-orientation and which tends to attract and promote a walk-in clientele.

Area D: Permitted Uses

- a) Bakery
- b) Community care facility
- c) Convenience store
- d) Country market
- e) Dwelling units above the first floor
- f) Health services
- g) Offices accessory to a permitted use
- h) Playground
- i) Restaurant
- j) Retail

Area D: Conditions of Use

- a) Retail and commercial uses, with the exception of restaurants, shall not exceed a total of 250 m² of floor area;
- b) Restaurants shall not exceed a total of 350 m² of floor area;
- c) Drive-in or drive-thru restaurants are not permitted;
- d) Total commercial floor area in Area D shall not exceed 1000 m².

809.3 Minimum Lot size for Subdivision Purposes:

- a) Multiple Family Dwelling in Area A – 900 m²
- b) ~~Single Family Dwelling in~~ Area B – 500 m² with the exception that fourteen (14) lots in Area B can have a minimum lot size of 400m²
- c) Park and Amenity Area in Area C and Area E – 1300 m² exception of Stormwater Pond.
- d) Neighborhood Commercial in Area D – 3000 m²

809.4 Maximum Number of Dwelling Units per Lot (Area B):

- c) For lots larger than 280 m²: 4 dwelling units

809.5 Maximum Number of Residential Buildings (Area B):

- a) Principal buildings: 1 single family dwelling or 1 small-scale multi-unit residential dwelling per lot
- b) Secondary suites: 1 per principal dwelling unit
- c) Small suites: 1 per principal dwelling unit

Commented [KG70]: This clause replaces the following condition of use:

Notwithstanding Sections 202.5 and 202.6 above, a maximum of two dwelling units comprised of one single family dwelling and either one secondary suite or one small suite is permitted where a lot achieves the following criteria:

- xxi. Is not wholly or partly within the Community Growth Area;
- xxii. Is not connected to a community water system or community sewer system;
- xxiii. Is larger than 4050 m²; and
- xxiv. within the Agricultural Land Reserve.

Commented [KG71R70]: BT: Your original suggestion was to add this clause and then revise the condition of use as follows:

Notwithstanding Section 201.6, a maximum of two dwelling units shall be provided where Section 201.5(a) applies. Such dwelling units shall be comprised of one single family dwelling plus either one secondary suite or one small suite.

I have removed this condition of use however, as it seems redundant AND would limit someone from developing a duplex - which wouldn't align with SSMUH OR the fact that duplexes were already allowed in the zone pre-SSMUH.

commercial area shown on the concept plan forming part of this Bylaw as Appendix “B” to be completed prior to Phase 6. (Valued at \$62,042.75);

Conditions Relating to Affordable Housing:

C.3 The Owner will provide twenty-three (23) Affordable Housing Units where eleven (11) will be designated for Affordable Ownership Housing (excludes suites) and twelve (12) will be designated as Affordable Rental Housing as part of the development within the Lands in accordance to the following schedule:

- (a) Three (3) Affordable Housing Units will be provided within Phase 1 of plan forming part of this Bylaw as Appendix “B”.
- (b) Three (3) Affordable Housing Units will be provided within Phase 3 of plan forming part of this Bylaw as Appendix “B”.
- (c) Three (3) Affordable Housing Units will be provided within Phase 4 of plan forming part of this Bylaw as Appendix “B”.
- (d) Three (3) Affordable Housing Units will be provided within Phase 5 of plan forming part of this Bylaw as Appendix “B”.
- (e) Three (3) Affordable Housing Units will be provided within Phase 6 of plan forming part of this Bylaw as Appendix “B”.
- (f) Three (3) Affordable Housing Units will be provided within either Phase 7 or Phase 8 or a combination of both of plan forming part of this Bylaw as Appendix “B”.
- (g) Three (3) Affordable Housing Units will be provided within either Phase 9 or Phase 10 or a combination of both of plan forming part of this Bylaw as Appendix “B”.
- (h) Two (2) Affordable Housing Units will be provided within either Phase 12 or Phase 13 or a combination of both of plan forming part of this Bylaw as Appendix “B”.

C.4 The Owner may provide cash in lieu of the Affordable Housing Units at \$15,000 per unit up to a total value of \$345,000.

C.5 One or more of the Affordable Housing Units to be provided in C.3 may be allowed to be combined into different phases, subject to the phase change and specific location of the Affordable Housing Unit(s) being approved by the Municipal Planner.

C.6 Each time Affordable Housing Units are provided as part of a Phase in the development, the Owner will enter into a section 905 Housing Agreement and section 219 covenant prior to Development Permit approval or Subdivision approval, whichever comes first.

C.7 An Option to Purchase/Right of First Refusal (Option/RFR) is required to be registered before an occupancy permit is issued for the affordable unit.

General Conditions Relating to Amenities and Affordable Housing:

C.8 Transfer to the District of Sooke the fee simple title to the Public Amenity Areas, free and clear of any financial charges or encumbrances

C.9 The Owner shall at its sole cost prepare all plans, transfer forms and other documents necessary to give effect to the transfers required to be made under section C.10. Those transfers shall be effected by the Owner, at the District of Sooke's sole option, by:

Schedule 809 – Spiritwood Estates CD Zone (CD9)

- (a) the registration of one or more reference plans pursuant to section 99(1)(h) of the *Land Title Act*, creating each of the Public Amenity Areas as separate legal parcels, together with the filing of the necessary Form A Transfers in favour of the District of Sooke; or
- (b) a subdivision of the land under Part 7 of the *Land Title Act*, creating each of the Public Amenity Areas as separate legal parcels, together with the filing of the necessary Form A Transfers in favour of the District of Sooke.

C.10 The Owner shall satisfy all legal requirements and conditions necessary to affect the transfers required under section C.10 and C.11, and shall obtain all necessary approvals required for any subdivision of the Lands necessary to effect those transfers.

C.11 If a valuation is inserted in a provision of this Appendix "C", the Owner in its sole discretion may meet the condition relating to the amenity, as applicable, by electing, instead of directly providing the amenity or affordable housing, to deliver to the District of Sooke a letter of credit having as a face amount the value stipulated in the applicable condition of this Appendix "C" in respect of which condition the letter of credit was delivered. Every such letter of credit shall satisfy the following conditions:

- a. the owner must provide the District of Sooke with an irrevocable letter of credit in the form set out at the end of this Appendix "C" as a security for meeting the condition under this Appendix "C";
- b. every letter of credit required to be provided under this Appendix "C" must be drawn in favour of the District of Sooke and must be a clean, unconditional and irrevocable letter of credit made by a Canadian Chartered Bank and capable of presentation at a branch of the bank situated within the District of Sooke;
- c. if the owner fails or omits to renew or replace any letter of credit within 14 days prior to its expiry, the District of Sooke may draw on the current letter of credit and hold the moneys in lieu thereof;
- d. subject to paragraph e., the security provided under this Appendix "C" must be returned to the owner within 30 days of the District of Sooke's Director of Planning and Director of Engineering having delivered a report to Council that the condition in respect of which the letter of credit security was provided has been met by the owner;
- e. if the owner has not met the applicable amenity or affordable housing condition, the security is forfeited to the District of Sooke;
- f. for certainty, the security is forfeited to the District of Sooke under paragraph e. on the date the District of Sooke delivers to the Owner a written notice that the District of Sooke has elected to draw on the letter of credit security;
- g. the District of Sooke may use the security to meet the applicable condition under this Appendix "C" in respect of which the security was delivered to the District of Sooke.

West Coast Mixed Use Zone

CD12

812.1 Purpose: This zone provides for up to three dwelling units on one lot with limited commercial use.

812.2 Permitted Uses:

Principal Uses:

- a) Single family dwelling*
- b) Small-scale multi-unit residential dwelling
- c) Retail uses up to a maximum gross floor area of 50 m²
- d) One show home up to a maximum gross floor area of 50 m²

Accessory Uses:

- e) Bed and breakfast
- f) Home based business
- g) Vacation accommodation unit
- h) Secondary suite
- i) Small suite

*See conditions of use.

812.3 Minimum Lot Size for Subdivision Purposes: 1,000 m²

812.4 Minimum Width for Subdivision Purposes: 15 m

812.5 Maximum Number of Dwelling Units per Lot:

- a) For lots wholly outside of the Community Growth Area, or not connected to a community sewer system and community water system, or larger than 4050m², or within the Agricultural Land Reserve: 2 dwelling units
- b) For lots 280 m² or smaller: 3 dwelling units
- c) For lots larger than 280 m²: 4 dwelling units

812.6 Maximum Number of Residential Buildings:

- a) Principal buildings: 1 single family dwelling or 1 small-scale multi-unit residential dwelling per lot
- b) Secondary suites: 1 per principal dwelling unit
- c) Small suites: 1 per principal dwelling unit

812.7 Maximum Height:

- a) Principal Buildings: 3 storeys, up to a maximum height of 12 m
- b) Accessory Buildings: 2 storeys, up to a maximum height of 9 m

812.8 Maximum Lot Coverage: 30%

Commented [KG76]: Note to Staff: In alignment with guidance found in the SSMUH Policy Manual, 'Small Suite' has been added as a permitted use in all SSMUH-affected CD zones to improve the viability and diversity of SSMUH housing forms.

Commented [KG77]: This clause replaces the following condition of use:

Notwithstanding Sections 202.5 and 202.6 above, a maximum of two dwelling units comprised of one single family dwelling and either one secondary suite or one small suite is permitted where a lot achieves the following criteria:

- xxv. Is not wholly or partly within the Community Growth Area;
- xxvi. Is not connected to a community water system or community sewer system;
- xxvii. Is larger than 4050 m²; and
- xxviii. within the Agricultural Land Reserve.

Commented [KG78R77]: BT: Your original suggestion was to add this clause and then revise the condition of use as follows:

Notwithstanding Section 201.6, a maximum of two dwelling units shall be provided where Section 201.5(a) applies. Such dwelling units shall be comprised of one single family dwelling plus either one secondary suite or one small suite.

I have removed this condition of use however, as it seems redundant AND would limit someone from developing a duplex - which wouldn't align with SSMUH OR the fact that duplexes were already allowed in the zone pre-SSMUH.

Commented [KG79]: Note to Staff: Language has been revised for consistency throughout the Bylaw.
