

## SANITARY SERVICEABILITY REVIEW REQUEST

Bylaw No. 404, *Subdivision and Development Standards Bylaw, 2014*

This application covers the initial review of the flows provided by the applicant, inclusion of the flow data into the computer model, analysis of the model, identification of any downstream issues as a result of the development coming online, and all required upgrades to the existing system. Each application will be considered on an individual basis, and if any additional review or study is required beyond the scope of work detailed above, additional fees may be required to cover that additional work.
